TECHNOLOGY CENTER R3700

Sir:

In an Office Action mailed August 19, 2003, the Examiner requested additional information from the applicant and assignee of the application that the Examiner has determined reasonably necessary to complete examination of the present application. The applicant and assignee hereby provide the information required by the Examiner.

Initially, the Examiner requested the applicant to provide the names of any products and/or services that have incorporated the claimed subject matter. By the present response, the applicant and assignee hereby state that no commercial products or services have been manufactured or commercially sold that incorporate the claimed subject matter of the present application.

Since no commercial products have been manufactured or sold, no copies of publications that describe the disclosed subject matter have been authored.

The Examiner requested that the applicant and assignee provide a complete list of all related patents and patent applications, both pending and abandoned, and including all related applications where applicant is listed as co-inventor.

Application No. 09/597,448
Amendment Dated January 16, 2004
Reply to Office Action of August, 19/2003

According to the applicant's and assignee's present knowledge, the relevant patents include the following:

6,231,311 ✓

6,318,358 ✓

6,352,431 ✓

6,398,512 ✓

6,530,346 ✓

6,602,058

The applicant and assignee are not aware of any additional pending applications that are related to the subject matter of the present application. Please note that the inventor of the present application, William S. Gatley, is no longer employed by the assignee of the present application. Therefore, the assignee does not have first hand knowledge of any pending applications filed by the applicant since the termination of his employment with the assignee.

Respectfully submitted,

ANDRUS, SCEALES, STARKE & SAWALL, LLP
